(Filed in March 2025)
Application Number: 11843/2025-CO/SW
- **QR Code Generator**
Developed a web-based QR code generator application using JavaScript, CSS, and HTML, allowing users to input text or links and generate corresponding QR codes.

EXPERIENCE

During my tenure at ELSOLVE IT PRIVATE LIMITED, I worked as a Software Developer, contributing to the development of two major projects— a Library Management System and Raktkadi, a blood donation and requirement platform. This experience provided hands-on exposure to backend development, API creation, database management, Android application development, and cloud integrations, enhancing my technical proficiency in Django, REST APIs, Docker, and Firebase.
